PLUMBING

STANDARD FEATURES

- ✓ McElroy Heaters offer microprocessor control to precisely set and monitor heater temperature in all field conditions
- ✓ Heaters are fully field serviceable, including the electronics
- ✓ 20 ft. power cord to minimize electrical connections
- ✓ Two heater stands included in all Heater Kits, providing three mounting options: Toolbox, Bench or Freestanding
- ✓ Socket adapters have a durable Teflon coating with pipe diameter size and part number clearly marked
- ✓ Durable custom toolbox organizes, stores and protects individual tools

McElroy Socket Fusion Kits are perfect for installing fittings for pipe diameters from 16mm to 125mm. These tools are designed specifically to socket fuse all major brands of polypropylene pipe and fittings. These convenient kits for both heaters and socket adapters give you the components needed to efficiently complete your socket fusion job.
